Noise

Spaces that can be loud

Spaces that tend to be quiet

The Lobby may be noisy if large groups of people are arriving.
Second Floor Noise

Quiet Space: This space under the Exchange stairs and in front of the Maker Hub can be used as a quiet space as needed.

Spaces that can be loud

Spaces that tend to be quiet

The Maker Hub and Learning Labs may be loud only when a program is in progress.
This exhibition is not very noisy, however it has some sound elements that can be heard throughout.
Light
